

NEW!

DROPZONE™

Efficiency Built Into Every Pass

NEW from The Andersons, the DropZone drop spreader is designed to help turf professionals apply products **accurately**, **efficiently**, and **confidently**.

INDEPENDENT LEFT/ RIGHT AGITATION

provides greater application control

HANDLE-MOUNTED RATE CONTROL

allows for quick, precise adjustments without stopping application

ALL STAINLESS STEEL CONSTRUCTION

provides long-lasting durability and corrosion resistance in demanding conditions

125 LB CAPACITY HOPPER

covers more ground with fewer stops for refilling

PERMANENT CENTER DIVIDER

allows for the option to spread only a 18" swath

12 INCH PNEUMATIC TIRES

ensure smooth operation across a variety of turf conditions
