

AERO-Trio™

AERIAL APPLICATION SOLUTIONS

Product Code: 10010863 (Tote) / 10010824 (Jug)

GUARANTEED ANALYSIS

Calcium (Ca)	6.0%
Magnesium (Mg).....	1.0%
Boron (B)	0.5%

Derived from: calcium carbonate, magnesium oxide, boric acid, and carboxylic acids

WARNING: This fertilizer contains boron. Its use on any crops or under conditions other than those recommended may result in serious injury to the crops.

PRODUCT INFORMATION: Aero-TRIO is a true solution containing nitrogen, calcium, magnesium, and boron specifically designed for application via drone, airplane, or helicopter on row and field crops. Each element is important for high quality and extended shelf life in fruits and vegetables and to produce maximum yields and quality in virtually all crops. Plants use calcium directly in their cell structure and as a buffer for other elements that are absorbed by the plant. Calcium in an available form aids in freeing up other calcium and nutrients in the soil. Always perform a jar test to ensure compatibility prior to field mixing. Product users assume full responsibility to ensure compatibility when tank mixing with other products.

DIRECTIONS FOR USE: Use in accordance with recommendations of a qualified individual/institution. Do not allow to freeze. Always jar test for compatibility. For farm use only.

RECOMMENDED RATES: This product should be used on the basis of a soil and/or tissue analysis.

	Application	Use Rate (per acre)	Timing
Field & row crops	Foliar	1-2 quarts	Add to fertigation/ pesticide program
Vegetables	Foliar	1-2 quarts	
Tree & bramble fruit	Foliar	2-4 quarts	

pH: 4.0-6.0 | Salt Out: 18°F

DANGER

CAUSES SERIOUS EYE, SKIN, AND RESPIRATORY IRRITATION SUSPECTED OF DAMAGING FERTILITY OR THE UNBORN CHILD
