

GREENSHOCKER™ 7-1-2 WITH HUMIC DG™

PROFESSIONAL-GRADE FERTILIZER

- ▶ All quick-release nitrogen for a quick deep greening
- ▶ Get noticeably greener grass as soon as 3 days after application
- ▶ Extremely small particle size for double coverage
- ▶ Penetrates the root zone with The Andersons® DG Technology
- ▶ Humic DG™ for soil health

Treats up to 5,333 sq. ft.

GUARANTEED ANALYSIS

Total Nitrogen (N).....	7.00%
7.00% Ammoniacal Nitrogen	
Available Phosphate (P ₂ O ₅).....	1.00%
Soluble Potash (K ₂ O).....	2.00%
Sulfur (S).....	8.70%
8.70% Combined Sulfur (S)	
Iron (Fe).....	0.50%
0.50% Water Soluble Iron (Fe)	

Derived from ammonium phosphate, ammonium sulfate, potassium sulfate, ferrous sulfate.

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:

Soil Amending Guaranteed Analysis
ACTIVE INGREDIENTS
30.00% Humic Acids (derived from leonardite)
INERT INGREDIENTS
70.00 Total Other Ingredients (from fertilizer material)

FO02091

PURPOSE: Humic acid may increase the uptake of nutrients.

Information regarding the contents and levels of metals in this product is available on the internet at <http://aapfco.org/metals.html>

DIRECTIONS FOR USE

Do not apply during periods of extended droughts unless irrigation is available and used.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn.

SPREAD PRODUCT: Apply product to dry foliage. Fill and adjust your spreader to the recommended rate using the spreader settings table to the right. For even application, be sure to walk at a steady rate, slightly overlapping each pass.

CLEAN-UP: This product contains the micronutrient iron for extra greening and to help prevent iron deficiency. Iron may stain concrete and other surfaces. Misapplied product to these surfaces should be removed promptly by sweeping or blowing. **DO NOT WASH WITH WATER.**

WATER IN: To activate DG Technology and help move the particles into soil immediately, water in with a minimum of 0.2 inches. For best results, water the lawn every 12 hours for the next 48 hours. Skip watering if rain occurs.

STORAGE: Store left over product in a clean, dry place. Reseal opened bag by folding the top down and securing.

PRO TIPS:

- Mow before applying
- Blow off sidewalks and driveways as the iron will cause stains if left to sit

- Immediately water in
- Continue to water the lawn every 12 hours for the next 48 hours. Skip watering if rain occurs.

PHOSPHATE NOTICE: This lawn/turf fertilizer contains phosphorus and is only for nonagricultural use on (i) turf during its first growing season, (ii) on turf areas being repaired or renovated, and (iii) on turf where a soil test performed within the last 3 years indicates a phosphorus deficiency. This fertilizer is not for the routine maintenance of turf.

In Maryland, this product is providing nutrients in accordance with a soil test that was conducted by a laboratory identified under 8-803.7 of this article and performed no more than 3 years before application.

ANNUAL FERTILIZATION GUIDELINES FOR ESTABLISHED TURFGRASS LAWNS IN THREE REGIONS OF FLORIDA NITROGEN RECOMMENDATIONS (LBS N PER 1000 SQ. FT.)*					
Species	Bahiagrass	Bermuda	Centipede	St. Augustine	Zoysia
Timing of Application	North* / Maximum Pounds N per Application (Only Apply to Actively Growing Turf)				
Spring or Summer	2	2	2	2	2
Fall	1	1	1	1	1
Maximum Annual Pounds	2-3	3-5	1-2	2-4	2-3
Timing of Application	Central* / Maximum Pounds per N Application (Only Apply to Actively Growing Turf)				
Spring or Summer	2	2	2	2	2
Fall or Winter	1	1	1	1	1
Maximum Annual Pounds	2-4	4-6	2-3	2-5	2-4
Timing of Application	South* / Maximum Pounds N per Application (Only Apply to Actively Growing Turf)				
Spring or Summer	2	2	2	2	2
Fall or Winter	1	1	1	1	1
Maximum Annual Pounds	2-4	5-7	2-3	4-6	2.5-4.5

*North Florida is defined as north of a line extending from Cedar Key to Daytona Beach. Central Florida is defined as south of the line extending from Cedar Key to Daytona Beach to a line extending from Tampa to Vero Beach. South Florida includes the remaining southern portion of the state.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk, or street, back onto your lawn.

Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

SPREADER SETTINGS

This bag is designed to deliver 3 lbs. of product per 1,000 sq. ft., for a total coverage of 5,333 sq. ft. Settings are based on an average walking speed of 3 mph. Reduce setting for a lower speed; raise setting for higher speed.

For specific rates based on turf type and time of growing season, visit andersonshomeandgarden.com.
