All Turf Types,
All Season

Contains Quick-
Release and MUTECH[®]
Slow-Release Nitrogen

5% Iron for
Deep-Greening

Humic Acid to
Increase Nutrient
Uptake

NET WT. 18.00 LBS (8.16 KG) • COVERS 5,000 SQ. FT.

ECOFUSION™ PLUS 20-0-5

The Andersons EcoFusion Plus 20-0-5 is a professional-grade biosolid fertilizer. This formula contains micronutrients copper, manganese, and zinc as well as 5% iron for extra-deep greening. It also includes Humic DG™ for soil health and enhanced nutrient uptake. EcoFusion Plus supplies immediate and sustained feeding with both quick- and slow-release nitrogen. MUtech® is The Andersons' highly-engineered brand of methylene urea slow-release nitrogen. It delivers steady, predictable nitrogen release regardless of your climate. The result is uniform color, improved turf density, and uniform growth. Safe for use on all turf types, EcoFusion Plus can be used any time during the growing season. For best results, reapply every 4-6 weeks.

DIRECTIONS FOR USE

SPREAD PRODUCT

Apply product to dry foliage. Fill and adjust your spreader to the recommended rate using the spreader settings table to the right. For even application, be sure to walk at a steady rate, slightly overlapping each pass.

CLEAN-UP

Sweep any product on driveways and sidewalks back onto your lawn. Return any unused material back into the original package.

WATER IN

To activate and help move the particles into soil immediately, water in with a minimum of 0.2 inches

STORAGE

Store left over product in a clean, dry place. Reseal opened bag by folding top down and securing.

PRO TIPS

- Mow before applying
- Do not apply prior to heavy rainfall to avoid particles getting washed away
- Do not collect clippings for a least one mowing to avoid particle pick-up
- Reapply every 4-6 weeks during the growing season

SPREADER SETTINGS

This bag is designed to deliver 3.6 lbs. of product per 1,000 sq. ft. at the Low Rate and 5.0 lbs of products per 1,000 sq. ft. at the High Rate. Settings are based on an average walking speed of 3 mph. Reduce setting for a lower speed; raise setting for higher speed.

SPREADER MODEL	LOW RATE	HIGH RATE
	3.6 lbs/1,000 sq. ft.	5.0 lbs/1,000 sq. ft.
The Andersons LCO-1000	M	O
The Andersons Yard Star 2150	15	17

Information regarding the contents and levels of metals in this product is available on the internet at <https://www.aapfco.org/metals.html>

Note: This product contains micronutrient iron for extra greening and to help prevent iron deficiency. Iron may stain concrete and other surfaces. Misapplied product to these surfaces should be removed promptly by sweeping or blowing. DO NOT WASH OFF WITH WATER

Apply only to actively growing turf. Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.
