**WITH IRON AND MICRONUTRIENTS**

Ideal for Establishing  
New Turf

Contains Quick- and  
Slow-Release Nitrogen

5% Iron for  
Deep-Greening

NET WT. 18.00 LBS (8.16 KG) • COVERS 5,000 SQ. FT.

# ECOFUSION™ STARTER 16-21-4

The Andersons EcoFusion Starter 16-21-4 is a professional-grade biosolid fertilizer. This formula contains micronutrients copper, manganese, and zinc as well as 5% iron for extra-deep greening. EcoFusion Starter supplies immediate and sustained feeding with both quick- and slow-release nitrogen. EcoFusion Starter contains phosphorus and is designed for use when establishing new turf or renovating current turf. It can be used as a maintenance fertilizer when the need is indicated from soil test results. For best results, reapply every 4-6 weeks.

## DIRECTIONS FOR USE

### SPREAD PRODUCT

Apply product to dry foliage. Fill and adjust your spreader to the recommended rate using the spreader settings table to the right. For even application, be sure to walk at a steady rate, slightly overlapping each pass.

### CLEAN-UP

Sweep any product on driveways and sidewalks back onto your lawn. Return any unused material back into the original package.

### WATER IN

To activate and help move the particles into soil immediately, water in with a minimum of 0.2 inches

### STORAGE

Store left over product in a clean, dry place. Reseal opened bag by folding top down and securing.

### PRO TIPS

- Mow before applying
- Do not apply prior to heavy rainfall to avoid particles getting washed away
- Do not collect clippings for a least one mowing to avoid particle pick-up
- Reapply every 4-6 weeks during the growing season

### SPREADER SETTINGS

This bag is designed to deliver 3.6 lbs. of product per 1,000 sq. ft. at the Low Rate and 5.0 lbs of products per 1,000 sq. ft. at the High Rate. Settings are based on an average walking speed of 3 mph. Reduce setting for a lower speed; raise setting for higher speed.

SPREADER MODEL	LOW RATE 3.6 lbs/1,000 sq. ft.	HIGH RATE 5.0 lbs/1,000 sq. ft.

Information regarding the contents and levels of metals in this product is available on the internet at <https://www.aapfco.org/metals.html>

Note: This product contains micronutrient iron for extra greening and to help prevent iron deficiency. Iron may stain concrete and other surfaces. Misapplied product to these surfaces should be removed promptly by sweeping or blowing. DO NOT WASH OFF WITH WATER

Apply only to actively growing turf. Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.
